

YEAR ONE CLASSROOM NEWS

Transport and Travel

Welcome Back!

I hope you all had a fabulous half-term break!

We are continuing with our topic, Transport and Travel this half-term, we will use lots of information we learnt at the Railway Museum to help us!

We will continue to work super hard with phonics, which is helping us to improve our reading and writing, every single day! Please continue to practice your phonics at home as much as possible!

See you soon,
Miss Cunningham

PE Days

Monday – Mr O’Neil

Wednesday – Miss
Cunningham

Please bring outdoor and indoor kit wherever possible!

We are really enjoying our topic of, Transport and Travel! We will continue our lessons by looking at how bicycles have changed since they were first invented and then move on to air travel! We already know some facts about planes from our last reading book, Emma Jane’s Aeroplane – which we absolutely loved.

Finally our lessons will take us into the world (or out of this world) of space travel. We will look at how humans have travelled in space and how this may progress in the future.

Don't forget to check Class Dojo for updates and examples of all the wonderful work your children have been doing at school!

Our Class
Text

Snow
White

I will upload phonics videos on Dojo each week, - please share the sound with your child!

IMPORTANT
NOTICES

Listening to your child read at home is so beneficial to supporting their phonics and reading comprehension knowledge. Please listen to your child at least 3 times a week and ask them questions about what they have read.
