Our Local Area.

Our Local Area is where we live. Our Local Area is Edington!

What is special about Edlington?

Edlington is special because of its Yorkshire Main Colliery. The Coal mine was open from 1909 to 1985. People from Edlington and all over Doncaster used to work down in the mines collecting coal.

Edlington is also a very special place because of its community. The local community center **Helping Hands** hosts lots of activities that everyone can get involved in!

Welcome!

I am so excited to be your class teacher when we come back on Monday 2nd September!

We have an exciting journey ahead of us with lots of learning and fun along the way.

Class Dojo!

I will be updating Class DOJO with class news, pictures of fantastic work and regular reminders.

Project for over Summer!

To support our Topic work, I would love the children to document a day out in their local area.

This could be through taking pictures or drawing a picture of a place after visiting.

Reading!

Keep reading with your children at home over the Summer! Oxford Owl has great resources for you to support your child's reading development.

The more that you read, the more things you will know. The more that you learn, the more places you'll go.
