This term, we are HISTORIANS! We will embark on a journey to uncover the fascinating world of Ancient Egypt. We will explore what life was like thousands of years ago along the banks of the River Nile and discover why this river was so important to the people who lived there. We will learn about the incredible achievements of the Ancient Egyptians, including their magnificent pyramids, temples, and tombs, and understand how they built such lasting monuments. We will investigate their beliefs, gods, and the mysteries of mummification, as well as the role of pharaohs in shaping this powerful civilization.
